

## Op Shop Annual Report 2024

The Op Shop has continued to trade steadily over the past year.

The support from the local community in donating their clothing and household items is at times over whelming in their generosity.

The Op Shop staff, likewise are extremely generous with their time. It is a dwindling team of older women (and one man) who keep this show on the road, and we would welcome more volunteers. Maybe drop in occasionally with a tin of biscuits or fresh fruit for our morning cuppa - a tangible show of support from church members, who we rarely see or hear from, to thank and acknowledge our hard work and huge monetary contribution we make to the parish.

Only a third of the team are church members (4 out of 10).
